GENERATOR CERTIFICATION STATEMENT

I CERTIFY AND WARRANT that the properties of this material offered for disposal are as represented herein, pursuant to PCB regulations contained within 40 CFR Part 761, MI PA 451 Part 147, and MI PA 451 Part 121 and that this material does not contain any hazardous waste regulated pursuant to 40 CFR Parts 260-279 (including certification that if the waste did contain any hazardous constituents or residue that said materials were not diluted to avoid a hazardous waste identification or to circumvent a land disposal prohibition). Further, the material is properly described on this characterization and the information on any attachments and/or supplements is true and correct. My certification is based on personal examination of the information submitted or is based upon my inquiries of those individuals responsible for obtaining the information. I further certify and warrant the identification is the result of an analysis of a representative sample obtained and analyzed in accordance with *Test Methods for Evaluating Solid Waste* USEPA SW-846 or by applying generator knowledge. I authorize ERG Environmental (*Environmental Recycling) to add supplemental information to this characterization and certify that I am an authorized agent for the waste generator and empowered to sign this form.
